Jember

PERSONAL PROFILE

A fresh graduate from State Polytechnic of Jember majoring in Informatics Engineering, who has a passion for IT and has a great passion for a career in IT and other fields of work. One of my strengths is that I am a good planner when it comes to achieving my targets, and I have a huge desire to learn new things. It can be proven by several organizations that I joined during my college life as Head of the Information Systems Division at HMJ TI State Polytechnic of Jember and Coordinator of the Informatics Engineering Students of 2017 (as known as "Ketua Angkatan"). I did that by staying focused on college and graduating on time with a 3,82 GPA.

EDUCATION

Politeknik Negeri Jember, GPA 3,82/4,00
Bachelor of Applied Computer, Informatics Engineering, Aug 2017 – Oct 2021

PROFESSIONAL EXPERIENCES

Information Technology Developer (Intern)
Jatis Mobile, PT. Informasi Teknologi Indonesia, Oct 2021 – Dec 2021

My daily activities and responsibilities at Jatis Mobile (PT. Information Technology Indonesia) as an IT Developer are to actively participate in communicating and discussing various matters in the IT Developer field, such as IT project management, conducting hands-on projects, reviewing and presenting, conducting Q&A and discussing with HRD, and developing backend apps using API and web server in coordination with my mentor.

Official Crew (Part Time)
My Dream Wedding Organizer, Jan 2021 – Present

Actively serve clients and confirm full understanding before planning, used coordination and planning skills to achieve results on schedule, work closely with the crew and vendors to maintain optimal levels of communication to complete projects effectively and efficiently, Participate in team-building activities to improve working relationships.

Network Administrator - NOC (Intern)
Jogja Medianet, PT. Sarana Insanmuda Selaras (SIMS), Sep 2020 – Dec 2020

My daily activities and responsibilities at Jogja Medianet, PT. Sarana Insanmuda Selaras (SIMS) as a Network Administrator-NOC are to **update 4 versions** of the Public Wifi Landing Page for the Jogja Smart City, Recapitulation and map **more than 200** locations for the Jogja Smart City Public Wifi Installation Project, as the Helpdesk and NOC, Survey and install public Wifi for the Jogja Smart City Project, Setting up Mikrotik Routers for public wifi on the Jogja Smart City Project and monitor the wifi stability of each RW as a public wifi point.

Youth Facilitator
Entrepreneurship Module for Lecturers and Students in Polytechnics – USAID – Mitra Kunci, Jan 2020 – Jan 2020

As a youth facilitator at the Training of Trainer event organized by USAID (United States Agency for International Development) and Mitra Kunci at State Polytechnic of Jember, I am responsible for assisting in equipping polytechnic lecturers who will become mentors for students with knowledge and skills about entrepreneurship as preparation for the **first period of PKL/KKN vocational TKWU in East Java.**

ORGANIZATIONAL AND COMMITEE EXPERIENCES
